Most of the streets through central Barcelona will be car-free in the next decade, according to a new plan from the city government that aims to decrease traffic and air pollution and prioritize pedestrians. In 2016, Barcelona introduced the concept of a 'superblock', called 'superilles' in Catalan, which re-routes vehicle traffic to the outskirts of an area, leaving the interior open ...

making the city more ...

This Lonely Planet book is divided into sixteen trails. There are marked starting points for each one on a map of the city, but no directions about getting from one attraction to the next along the trail. That must be the job of the adults. The groupings include history, castles, shopping, sports, parks, outdoor recreations, and food.
