**Welcome to drz400e.com**

I have a 2008 drz400e and do the oil about every 500 - 1000kms depending on the type of riding (longer for street use, shorter for bush/trail) as the bush/trail work I give the bike its all. I use Castrol active 4T (about \$32 at repco) and have bought my filters off ebay. have got the filters - Hiflofiltro part no. HF 139 for about \$5.50 ea delivered.

Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

Life has gotten a bit boring for Zaria Johnston, and with the exception of her Friday nights out with her best, flamboyant friend, Chase, and her job as a guidance counselor, she seems to have hit a rut. After a rough break-up with her longtime boyfriend, Manuel, her prospects of finding a man also seem pretty bleak. That is, until she connects with her poetic crush, Amir, and he opens her eyes to a world of romance and passion that she didn't know existed. She discovers what it feels like to be loved as a real woman should, and to overcome the difficulties of being a young, strong, black woman who is afraid to have her heart broken for a second time. The thrill of new romance seems to fill the emptiness in her life, but her old life isn't as easy to escape as she first thought. Mistakes that she thought she had left behind threaten to undo everything that she has begun to build in this new chapter of her life, but she isn't the only one battling the demons of her past. The poetic and passionate Amir harbors some dark secrets of his own, and when the truth begins to come out, the connection between her two lovers, old and new, may end her short reign of happiness before it ever fully begun. With love from one man and sworn vengeance from another, Zaria is trapped in the middle, trying desperately to make her way through the tangled troubles of family, love, and happiness. The problem is, she might lose more than the man of her dreams. As this complex and spellbinding story reaches its peak, Zaria will have to risk mind, body, and soul for herself and the people she loves, but will that final risk mean achieving the life she'd always dreamed of? Or will she end up making the ultimate sacrifice?

Every red-blooded motorcyclist dreams of making the Big Trip--this updated fifth edition shows them how. Choosing a bike, deciding on a destination, bike preparation, documentation and shipping, trans-continental route outlines across Africa, Asia and Latin America, and back-country riding in SW USA, NW Canada and Australia. Plus--first hand accounts of biking adventures worldwide.

YZ125 1994-2001

The eighth book in the Cal Leandros series that began with Nightlife, Slashback is clever, ironic and hugely entertaining urban fantasy in the vein of Jim Butcher by the New York Times bestselling author, Rob Thurman. I stopped and let them circle me, first because it was intriguing and, second, because, honestly, what could they do? Only knives, but all armed, and that made them even more interesting. Interesting. Fun. Play-time... Taking on bloodthirsty supernatural monsters is how Caliban and Niko Leandros make a living. But years ago - before they became a force to be reckoned with - the brothers were almost victims of a very human serial killer. Almost. Unfortunately for them, that particular depraved killer was working as apprentice to a creature far more malevolent - the legendary Spring-heeled Jack. He's just hit town. He hasn't forgotten what the Leandros brothers did to his murderous protégé. He hasn't forgotten what they owe him And now they are going to pay ... and pay ... and pay ... A dark contemporary fantasy with a humorous edge, Rob Thurman's Slashback should not be missed. Praise for Rob Thurman: 'Supernatural elements put this in the company of Jim Butcher and Charlaïne Harris' 'SFRevu' 'A roaring rollercoaster of a read ... i'll take your breath away' Simon R. Green Rob Thurman lives in Indiana, land of rolling hills and cows. Lots and lots of cows. Nightlife.

Millions of cars were equipped with SU carburetors. This book is for those people who wish to tune SU carburetors themselves, irrespective of how many carburetors there are on the engine or what type of engine it is you are dealing with.
