In this delightfully witty, provocative book, literature professor and psychoanalyst Pierre Bayard argues that not having read a book need not be an impediment to having an interesting conversation about it. (In fact, he says, in certain situations reading the book is the worst thing you could do.) Using examples from such writers as Graham Greene, Oscar Wilde, Montaigne, and Umberto Eco, he describes the varieties of “non-reading”—from books that you've never heard of to books that you've read and forgotten—and offers advice on how to turn a sticky social situation into an occasion for creative brilliance. Practical, funny, and thought-provoking, *How to Talk About Books You Haven't Read*—which became a favorite of readers everywhere in the hardcover edition—is in the end a love letter to books, offering a whole new perspective on how we read and absorb them.

From the New York Times bestselling author of *How to Read Literature Like a Professor* comes an indispensable analysis of our most celebrated medium, film. No art form is as instantly and continuously gratifying as film. When the house lights go down and the lion roars, we settle in to be shocked, frightened, elated, moved, and thrilled. We expect magic. While we're being exhilarated and terrified, our minds are also processing data of all sorts—visual, linguistic, auditory, spatial—to collaborate in the construction of meaning. Thomas C. Foster's *Reading the Silver Screen* will show movie buffs, students of film, and even aspiring screenwriters and directors how to transition from

merely being viewers to becoming accomplished readers of this great medium. Beginning with the grammar of film, Foster demonstrates how every art form has a grammar, a set of practices and if-then propositions that amount to rules. He goes on to explain how the language of film enables movies to communicate the purpose behind their stories and the messages they are striving to convey to audiences by following and occasionally breaking these rules. Using the investigative approach readers love in *How to Read Literature Like a Professor*, Foster examines this grammar of film through various classic and current movies both foreign and domestic, with special recourse to the "AFI 100 Years-100 Movies" lists. The categories are idiosyncratic yet revealing. In *Reading the Silver Screen*, readers will gain the expertise and confidence to glean all they can from the movies they love.

DIV In her entertaining and edifying New York Times bestseller, acclaimed author Francine Prose invites you to sit by her side and take a guided tour of the tools and tricks of the masters to discover why their work has endured. Written with passion, humour and wisdom, *Reading Like a Writer* will inspire readers to return to literature with a fresh eye and an eager heart – to take pleasure in the long and magnificent sentences of Philip Roth and the breathtaking paragraphs of Isaac Babel; to look to John le Carré for a lesson in how to advance plot through dialogue and to Flannery O'Connor for the cunning use of the telling detail; to be inspired by Emily Brontë's structural nuance and Charles Dickens's deceptively simple narrative techniques. Most importantly, Prose cautions readers to slow down and pay attention to words, the raw material out of which all literature is crafted, and reminds us that good writing comes out of good reading. /div

From the bestselling author of *How to Read Literature Like a Professor* comes this essential primer to reading poetry like a professor that unlocks the keys to enjoying works from Lord Byron to the Beatles. No literary form is as admired and feared as poetry. Admired for its lengthy pedigree—a line of poets extending back to a time before recorded history—and a ubiquitous presence in virtually all cultures, poetry is also revered for its great beauty and the powerful emotions it evokes. But the form has also instilled trepidation in its many admirers mainly because of a lack of familiarity and knowledge. Poetry demands more from readers—intellectually, emotionally, and spiritually—than other literary forms. Most of us started out loving poetry because it filled our beloved children's books from Dr. Seuss to Robert Louis Stevenson. Eventually, our reading shifted to prose and later when we encountered poetry again, we had no recent experience to make it feel familiar. But reading poetry doesn't need to be so overwhelming. In an entertaining and engaging voice, Thomas C. Foster shows readers how to overcome their fear of poetry and learn to enjoy it once more. From classic poets such as Shakespeare, Samuel Taylor Coleridge, and Edna St. Vincent Millay to later poets such as E.E. Cummings, Billy
