Oaths is the 8th and final instalment of these books that Lindsay Buroker started many years ago. She is continuing with more novels in this same world that she has built which makes this book much of a tribute to the start of the journey. I liked this series and this book is a fitting end that the author felt she had to give it.

Book 8 in the Dragon Blood series is another great addition to the storyline. These should be read in order to appreciate the background and snarkiness. Lindsay Buroker’s books always entertain with fast paced plots, characters who don’t take themselves too seriously, dragons with inflated egos, and swords who make sarcastic comments to their partners at the most awkward moments.

Oaths: Dragon Blood, Book 8, by Lindsay Buroker. Author’s Notes. When I wrote Soulblade a couple of years ago, I thought I was done with the Dragon Blood series. Oh, a comment from a beta reader enticed me to write Shattered Past (Therrik and Lilah’s story), but I didn’t have any plans to continue on with Ridge, Sardelle, and the gang.
