Resmed S9 Autoset Setup - YouTube

I have the ResMed AirSense A10

AutoSet. I started out in Auto mode,

and after I found out what pressure

works best for me, I switched it to

fixed pressure mode. My wife has a S9

and still runs it in Auto mode. I think

for people who have significant

central apnea a fixed pressure may

work better than an auto pressure

machine.

Disappointed with Doc, am I asking too much?? | Apnea Board

The S9 pressure was set at 11 and I've never had any reason to change it. Every morning I check the machine for the night's AHI and it's always been good: usually between 1.3 and 3.5 or so. Once or twice a month it'll hit 4+. Maybe 2 or 3 times a year it will go above 5. I think I hit 6 one time. But the S9 has gotten old.
