Fourteen-year-old Carsie Akselrod and her younger sister, Lilia, flee the Russian pogroms to live with relatives on New York’s teeming, dangerous Lower East Side. Like many Jewish immigrant Americans in the early 1900s, the girls go to work in sweatshops, eventually taking jobs at the ill-fated Triangle Waist Company, scene of the infamous 1911 industrial fire that claimed the lives of 146 garment workers. Set against Tammany Hall politics and gangland crime, City of Slaughter is a tale of a woman torn by family, faith, and her drive to rise from poverty, succeed in business, and claim her place in New York’s world of fashion and society.

"It's not just the blood-spattered slaughterhouse setting that makes the Royal Shakespeare Company's SLAUGHTER CITY an unusually meaty (you'll forgive the expression) new play. Aligning issues of class and race and labor dynamics to a surrealist aesthetic as elusive as her politics are straightforward, American writer Naomi Wallace shows a willingness to embrace topics once treated by the likes of Clifford Odets and Sophie Treadwell. These days, such terrain is left to the movies--Paul Schrader's Blue Collar, among others--but the pulse of Wallace's writing is of and for the theater. Hers may not be the most audience-friendly of voices, but even her opacity commands attention." Matt Wolf, Variety "Naomi Wallace's SLAUGHTER CITY, which gets its premiere in The Pit, is a strange and compelling play that unties two elements in the American tradition--the radical and the mystic. If it reminds me of anyone it is the Walt Whitman who wrote of 'the audacity of freedom' and the need for America to free itself from the anti-democratic European past. On the radical level, the play is a passionate protest against exploitation... ..the play has passion, poetry and a wild strangeness. Wallace also writes highly effective individual scenes... Most cheering of all is Wallace's adventurous attempt to redefine political drama in terms of a feminist surrealism." Michael Billington, The Guardian

This thesis is an outline of the stage management process working on a production of "Slaughter City" by Naomi Wallace at the University of Iowa's Department of Theatre in Spring 2014.

At the beginning of the 20th century, two young sisters travel from Russia to live with Jewish relatives on New York’s Lower East Side.

A special fiftieth anniversary edition of Kurt Vonnegut’s masterpiece, “a desperate, painfully honest attempt to confront the monstrous crimes of the twentieth century” (Time), featuring a new introduction by Kevin Powers, author of the National Book Award finalist The Yellow Birds Selected by the Modern Library as one of the 100 best novels of all time Slaughterhouse-Five, an American classic, is one of the world’s great antiwar books. Centering on the infamous World War II firebombing of Dresden, the novel is the result of what Kurt Vonnegut described as a twenty-three-year struggle to write a book about what he had witnessed as an American prisoner of war. It combines historical fiction, science fiction, autobiography, and satire in an account of the life of Billy Pilgrim, a barber’s son turned draftee turned optometrist turned alien abductee. As Vonnegut had, Billy experiences the destruction of Dresden as a POW. Unlike Vonnegut, he experiences time travel, or coming “unstuck in time.” An instant bestseller, Slaughterhouse-Five made Kurt Vonnegut a cult hero in American literature, a reputation that only strengthened over time, despite his being banned and censored by some libraries and schools for content and language. But it was precisely those elements of Vonnegut’s writing—the political edginess, the genre-bending inventiveness, the frank violence, the transgressive wit—that have inspired generations of readers not just to look differently at the world around them but to find the confidence to say something about it. Authors as wide-ranging as Norman Mailer, John Irving, Michael Crichton, Tim O’Brien, Margaret Atwood, Elizabeth Strout, David Sedaris, Jennifer Egan, and J. K. Rowling have all found inspiration in Vonnegut’s words. Jonathan Safran Foer has described Vonnegut as “the kind of writer who made people—young people especially—want to write.” George Saunders has declared Vonnegut to be “the great, urgent, passionate American writer of our century, who offers us . . . a model of the kind of compassionate thinking that might yet save us from ourselves.” Fifty years after its initial publication at the height of the Vietnam War, Vonnegut’s portrayal of political disillusionment, PTSD, and postwar anxiety feels as relevant, darkly humorous, and profoundly affecting as ever, an enduring beacon through our own era’s uncertainties. “Poignant and hilarious, threaded with compassion and, behind everything, the cataract of a thundering moral statement.”—The Boston Globe

The First Battalion's final midnight barrage blows the Nazis off the banks of the Moselle, thanks to Sergeant C.J. Mahoney and his kill-crazy sidekick Cranepool. After an R&R of both pleasure and pain, the Sergeant itches for action--and action he gets when Patton launches a desperate offensive: seize the city of Metz, the key to the Siegfried Line! But enemy snipers, mortars and artillery are chewing up the advancing Third Army, and the Sergeant battles his way through the raining hell on a deadline do-or-die mission. With nothing but guts and grenades, Mahoney slips into the occupied city to destroy Hitler's inhuman weapon of mass slaughter--but first he has to survive the 'invisible' and bloodthirsty Nazi death squad! And if the Sergeant fails ... Patton fails!

NEW YORK TIMES BESTSELLER • Karin Slaughter, author of the bestselling Will Trent novels, is widely acclaimed as “one of the best crime novelists in America” (The Washington Post). Now she delivers her first stand-alone novel: an epic story of a city in the midst of seismic upheaval, a serial killer targeting cops, and a divided police force tasked with bringing a madman to justice. Atlanta, 1974: As a brutal murder and a furious manhunt rock the city’s police department, Kate Murphy wonders if her first day on the job will also be her last. She’s determined to defy her privileged background by making her own way—wearing a badge and carrying a gun. But for a beautiful young woman, life will be anything but easy in the macho world of the Atlanta PD, where even the female cops have little mercy for rookies. It’s also the worst day possible to start given that a beloved cop has been gunned down, his brothers in blue are out for blood, and the city is on the edge of war. Kate isn’t the only woman on the force who’s feeling the heat. Maggie Lawson followed her uncle and brother into the ranks to prove her worth in their cynical eyes. When she and Kate, her new partner, are pushed out of the citywide search for a cop killer, their fury, pain, and pride finally reach the boiling point. With a killer poised to strike again, they will pursue their own line of investigation, risking everything as they venture into the city’s darkest heart. Relentlessly paced, acutely observed, wickedly funny, and often heartbreaking, Cop Town is Karin Slaughter’s most powerful novel yet—a tour de force of storytelling from our foremost master of character, atmosphere, and suspense. Features a preview of Karin Slaughter’s next novel, Pretty Girls “Karin Slaughter is simply one of the best thriller writers working today, and Cop Town shows the author at the top of her game—relentless pacing, complex characters, and gritty realism, all set against the backdrop of a city on the edge. Slaughter’s eye for detail and truth is unmatched. . . . I’d follow her anywhere.”—Gillian Flynn “Cop Town proves Karin Slaughter is one of America’s best writers. . . . She pulls her readers into a twisted tale of mystery and keeps them fascinated from start to finish.”—The Huffington Post “Stunning . . . Karin Slaughter breaks new ground with this riveting story. If you haven’t yet read her, this is the moment.”—Michael Connelly “Compulsively readable . . . will have your heart racing.”—O: The Oprah Magazine “Intense . . . engrossing . . . evocative . . . [Karin Slaughter’s] first stand-alone novel [has] a gritty, action-packed plot and strong, believable characters.”—Associated Press “Slaughter graphically exposes the rampant racism, homophobia, and misogyny of cop culture in the 1970s. . . . Winning leads, the retro setting, and a riveting plot make this one of Slaughter’s best.”—Booklist (starred review) “Superb . . . explosive . . . [Cop Town] is sure to win over readers new to Slaughter’s work while reminding old fans of her enormous talent.”—Library Journal (starred review)

Looks at the impact of housing policy and social engineering following World War II in Boston, Philadelphia, Detroit, and Chicago.

Chaim Nachman Bialik's epic response to the 1903 Kishinev Pogrom roars with with fresh urgency and rage in this dynamic literary translation by Jeffrey Burghauer, one of America's premier formalist poets.
