quality red "rear-engine" riding lawn mowers that are capable of standing on-end for storage or repairs, and for its invention of the first self-propelled rotary lawn mower.

Snapper Inc. - Wikipedia

The first riding lawn mower I ever used was one of those Snapper rear engine riding mowers. These rear engine riding mowers were some of the most popular back when I was growing up and mowing my family ' s lawn. These were old school machines that were much better than the push type that made for a long day mowing. Trust me, I have used both.
