The Three Marriages: Reimagining Work, Self and ...

The Three Marriages: Reimagining Work, Self and Relationship "dispels the myth that we are predominately thinking creatures, who can, if we put our feet in all the right places, develop strategies that will make us the paragons of perfection we want to be, and instead, looks to a deeper, almost poetic perspective."

The Three Marriages: Reimagining Work, Self and Relationship

P 30: "Perhaps the most difficult marriage of all -- the third marriage beneath the two visible, all-too-public marriages of work and relationship -- is the internal and often secret marriage to that tricky movable frontier called ourselves: the marriage to the one who keeps changing at the center of all the outer relationships while making promises it hopes to God it can keep.

The Three Marriages Reimagining Work Self And Relationship --

These are the three marriages, of Work, Self and Other. A word on this word marriage: Despite our use of the word only for a committed relationship between two people, in reality this book looks at the way everyone is committed, consciously or unconsciously, to three marriages. There is that first marriage, the one we usually mean, to another; that second marriage, which can so often seem like a burden, to a work or vocation; and that third and most likely hidden marriage to a core ...

The Three Marriages Reimagining Work Self And Relationship --

These are the three marriages, of Work, Self and Other. The First Marriage: The One We Usually Mean. Marriage is a word loaded with associations; not only the longed-for associations with the mythical horse and carriage that carries us off in perfect felicity, as Jane Austen described it, but also the whispers and echoes it finds in our mind, depending on the particular partnership our own parents made. Each of us has a profound inherited notion of marriage or partnership from the success or ...

The Three Marriages - Psychotherapy Networker

David Whyte knows there are three crucial relationships, or marriages, in our lives: the marriage or partnership with a significant other, the commitment we have to our work, and the vows, spoken or unspoken, we make to an inner, constantly developing self.

The Three Marriages: Reimagining Work, Self & Relationship --

A radical, "crystalline" (Elle) approach to integrating our work, relationships, and inner selves from the bestselling author, poet, and speaker. The author of Crossing the Unknown Sea and The Heart Aroused encourages readers to reimagine how they inhabit the worlds of love, work, and self-understanding. Whyte suggests that separating these "marriages" in order to balance them is to destroy ...

A radical, "crystalline" (Elle) approach to integrating our work, relationships, and inner selves from the bestselling author, poet, and speaker. The author of Crossing the Unknown Sea and The Heart Aroused encourages readers to reimagine how they inhabit the worlds of love, work, and self-understanding. Whyte suggests that separating these "marriages" in order to balance them is to destroy the fabric of happiness itself. Drawing from his own struggles and the lives of some of the world's great writers and artists-from Dante to Jane Austen to Robert Louis Stevenson-Whyte explores the ways these core commitments are connected. Only by understanding the journey involved in each of the three marriages and the stages of their maturation, he says, can we understand how to bring them together in one fulfilled life.

Explores the three most important commitments in an individual's life--to a significant other, to one's work, and to one's inner self--and discusses how they are connected and need to be nurtured equally.

Draws on the lives of some of the world's forefront writers and activists to evaluate the intimate nature of human relationships with their significant others, their work, and their inner selves, explaining the importance of balancing one's commitments to each.

"With this insightful book, David Whyte offers people in corporate life an opportunity to reach into the forgotten and ignored creative life (their own and the corporation's) and literally water their souls with it. The result is a very well written book that can truly heal."—Clarissa Pinkola Estés, PH.D., author of Women Who Run With the Wolves and The Gift of Story Find professional and personal fulfillment through the poetry of both classic and modern masters—now revised and updated Has your work lost its meaning? Have you forgotten the goals you hoped to achieve when you began your career? Are you afraid of pursuing your dreams? In The Heart Aroused, David Whyte brings his unique perspective as poet and consultant to the workplace, showing readers how fulfilling work can be when they face their fears and follow their dreams. Going beneath the surface concerns about products and profits, organization and order, Whyte addresses the needs of the heart and soul, and the fears and desires that many workers keep hidden. At a time when corporations are calling on employees for more creativity, dedication, and adaptability, and workers are trying desperately to balance home and work, this revised edition of The Heart Aroused is the essential guide to reinvigorating the soul.

This newly revised edition contains the most up to date versions of poems from David's first five volumes of poetry: Songs for Coming Home, Where Many Rivers Meet, Fire in the Earth, The House of Belonging and Everything is Waiting for You, as well as the latest versions of the new poems that originally appeared in the first edition of River Flow.

This is David Whyte's first book of poetry. Now in its fourth printing.

"It is not a coincidence that this book will slide easily into your jacket pocket; you'll want to keep it close for unexpected moments, those gifts of small, beckoning spaciousness amidst all our obligations and necessities. In addition to works written over a span of many years, plus one new poem and one new essay, the book contains David's personal reflections for many of the pieces, providing deeper context to its meaning. In some ways an artistic representation of a close circle of companionship to the work and to the man : edited by his wife, and designed and typeset by close friends Edward Wates and John Nielson, the book forms an elegant testament to David Whyte's most closely-held understanding - that human life cannot be apportioned out as one thing or another; rather, it is best lived as a living conversation, a way between and beyond, made beautiful by darkness as well as light, at its essence both deeply solitary and profoundly communal."--publisher's description.

In Consolations David Whyte unpacks aspects of being human that many of us spend our lives trying vainly to avoid – loss, heartbreak, vulnerability, fear – boldly reinterpreting them, fully embracing their complexity, never shying away from paradox in his relentless search for meaning. Beginning with ‘Alone’ and closing with ‘Withdrawal’, each piece in this life-affirming book is a meditation on meaning and context, an invitation to shift and broaden our perspectives on life; pain and joy, honesty and anger, confession and vulnerability, the experience of feeling overwhelmed and the desire to run away from it all. Through this lens, procrastination may be a necessary ripening; hiding an act of freedom; and shyness something that accompanies the first stage of revelation. Consolations invites readers into a poetic and thoughtful consideration of words whose meaning and interpretation influence the paths we choose and the way we traverse them throughout our lives.

Crossing the Unknown Sea is about reuniting the imagination with our day to day lives. It shows how poetry and practicality, far from being mutually exclusive, reinforce each other to give every aspect of our lives meaning and direction. For anyone who wants to deepen their connection to their life’s work—or find out what their life’s work is—this book can help navigate the way. Whyte encourages readers to take risks at work that will enhance their personal growth, and shows how burnout can actually be beneficial and used to renew professional interest. He asserts that too many people blindly trudge through a mediocre work life because so many “busy” tasks prevent significant reflection and analysis of job satisfaction. People often turn to spiritual practice or religion to nurture their souls, but overlook how work can actually be our greatest opportunity for discovery and growth. Crossing the Unknown Sea combines poetry, gifted storytelling and Whyte’s personal experience to reveal work’s potential to fulfill us and bring us closer to ultimate freedom and happiness.

Parents make enormous sacrifices helping children become healthy and autonomous adults. And when children are older, popular wisdom advises parents to let go, disconnect, and bite their tongues. But increasing life spans mean that parents and children can spend as many as five or six decades as adults together: actively parenting adult children is a reality for many families. Dr. Ruth Nemzoff—a leading expert in family dynamics—empowers parents to create close relationships with their adult children, while respecting their independence. Based on personal stories as well as advice that she has accrued from years of coaching, this lively and readable book shows parents how to: communicate at long distances -discuss financial issues without using money as a form of control -speak up when disapproving of an adult child’s partner or childrearing practices -handle adult children’s career choices or other midlife changes -navigate an adult child’s interreligious, interracial or same sex relationships No other book treats the challenges of parent and adult offspring relationships as part and parcel of a healthy family dynamic. This practical lessons of Don’t Bite Your Tongue will help parents play a vital and positive role in their children’s lives.
