To succeed, leaders must understand and apply the core principles of leadership--but that's not enough. You need to shape your approach for any unique situation. Too many leaders don't know how to do that--and that's why they fail. Ultimate Leadership shows how to adapt the principles of leadership to different challenges, contexts, and organizations. Russell E. Palmer--who has had three very different, highly successful careers as head of one of the world's largest accounting firms, Dean of the Wharton School, and an entrepreneur--helps you identify the leadership model most appropriate for your environment, and how to lead accordingly. You'll learn better ways to lead your equals, help an organization weather crises, transform its culture, lead entrepreneurial organizations, lead global organizations...even lead non-profit and academic institutions. Then, drawing on interviews with an extraordinary spectrum of outstanding leaders, Palmer helps you master the attribute every leader must have: the ability to inspire your unique organization, even in the face of the most daunting challenges.

An inspiring parable on the greatest leadership lesson of all—that the best leaders go beyond the tenets of the Golden Rule and help others to be better than they are themselves Too many people assume that the timeless principles of genuine leadership—of helping others achieve their full potential—don't apply Monday through Friday during work hours or in any circumstance where a paycheck is involved. In Greater Than Yourself, Steve Farber proves them wrong. With this powerful and eye-opening story, Farber shows that the goal of true leadership is to help others—teammates, employees, and colleagues—become more capable, confident, and accomplished than their leaders. Through the actions of a forward-thinking and extraordinarily successful CEO, Farber reveals the three keys to achieving what he calls GTY: Expand Yourself, Give Yourself, and Replicate Yourself. Filled with thought-provoking ideas and actionable principles, Greater Than Yourself offers a powerful message for today's business leaders.

Great leaders know that prestigious appointments do not only entail advantages,

but also major responsibilities. They are willing to set high standards: First and foremost for themselves and only thereafter expect others to follow them. They never rest on their laurels, but embrace life-long learning. They are thus inspirational roles models for others. They walk the talk and earn loyalty — do not just demand it. They have prepared themselves well without risking complacency or overplaying their strengths. They ensure that more than mere luck will allow them to succeed in a world full of ambiguity, change, dilemmas, and even trilemmas. Most importantly, they orient themselves to follow their moral compass. They also know that it has never been so easy to find inspiration, a reality check, and advice on the development of their situational solutions. This book aims at providing such easy access to crucial insights into sustaining success. International top management and leadership consultants, lifelong learning experts, experienced executive coaches, and leadership faculty from leading business schools share their insights to help leaders cope with today's and tomorrow's complexity.

An introduction to leadership draws on a program developed for an elementary school to show how to apply the principles of "The 7 Habits of Highly Effective People" to help everyone, including young children, identify and use their individual talents.

#1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Look for Brené Brown's new podcast, Dare to Lead, as well as her ongoing podcast Unlocking Us! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and

unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read *Daring Greatly* and *Rising Strong* or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.
