Jill Price has the first
diagnosed case of a memory
condition called
"hyperthymestic syndrome" --
the continuous, automatic,
autobiographical recall of
every day of her life since
she was fourteen. Give her

Online Library The Woman Who Cant Forget

any date from that year on,
and she can almost instantly
tell you what day of the
week it was, what she did on
that day, and any major
world event or cultural
happening that took place,
as long as she heard about

until the scientific team
who studied her finally
charted the extraordinary
terrain of her abilities. As
we learn of Jill's struggles
first to realize how unusual
her memory is and then to
contend, as she grows up,

Online Library The Woman Who Cant Forget

with the unique challenges
of not being able to forget
-- remembering both the good
times and the bad, the
